

Cinema Paradiso Beverage Menu

Soneva mineralised drinking water

Enjoy our selection of mineralised Soneva Drinking Water with a variety of options for both still and sparkling. These rods made from crystal glass are filled with different types of crystal gems and our house water will be decanted at the table followed by placing the rod in your water jug. The longer the water stays in contact with the crystals the better the properties and flavour get.

Fourteen US dollars per jug

The Wellness Mix Soneva Still and Sparkling

(Rose quartz, Amethyst, Rock Crystals.)

Supports your inner balance as well as vitality, inspiration concentration and sensuous awareness

Five Elements Soneva Still and Sparkling Water

(Ocean jasper, Stoned Wood, Rose Quartz, Calcite, Amethyst)

Based on Chinese philosophy which describes life as a continuous transformation and whereby each element (water, metal, earth, air and fire) is associated with a certain aspect of life. These gems represent new beginnings, transformative development, inner balance, peace and life force.

Price is subject to 10 % service charge & 12 % goods and service tax

Regeneration Soneva Still and Sparkling Water

(Emerald, Rock Crystal)

Strengthens the immune system and supports self-healing power together with rejuvenating effects on the skin. It keeps the spirit young, supports inner balance and regeneration

Harmony Soneva Still and Sparkling Water

(Rose quartz)

Maintains the balance between body and soul, “wellness” depends on an intake of pure and vital water. Water enhances a feeling of Overall Well-being.

Herb water is available on request (Mint, Ginger and Basil)

Soneva Jani produces mineralised water to reduce the impact of our environmental footprint. We make our own water by reverse osmosis. It is then passed through various sophisticated filters and mineralized with only good minerals.

Please note that, Soneva Jani gives a significant proportion of our Soneva Drinking Water revenue to clean water project that provide infrastructure, tools and health awareness to people worldwide who do not have access to safe drinking water.
